

2015-2016 Pathways Four-Year Plan

Mathematics (BS)

Department of Mathematics & Computer Science

School of Arts & Sciences

Academic Core 2C07 | 718-262-2535

The following is a **suggested** plan of study for completion of this degree program.

The goal of a Major Plan is to ensure that students who completed an Associate’s Degree (AA or AS) graduate with no more than 120 credits and in two years.

- All students should speak with an academic advisor about their academic programs.
This document is not a substitute for academic advisement.
- Students are encouraged to take Winter and Summer courses to facilitate their progress towards graduation.
- Transfer students may not need to take all courses in the plan; they should consult with an academic advisor.
- This plan requires transfer credit for the following courses:
 - ENGL 125 (English Composition I); MATH 119 (College Algebra System) + MATH 120 (Pre-Calculus)†
 - † If MATH 119 + MATH 120 are not transferred to York College, students should take MATH 119 + MATH 120 in the first semester.

	Credits		Credits
THIRD YEAR - FALL	13	THIRD YEAR - SPRING	15
Math 121	4	Math 122	4
College Option: Writing Intensive (WI)	3	Mathematics or CS Elective	4
Free Elective	3	Mathematics Area Course	4
Free Elective	3	Free Elective	3
FOURTH YEAR - FALL	17	FOURTH YEAR - SPRING	15
Math 221	4	Math 336	4
Math 333	4	Mathematics Area Course	4
Mathematics Area Course	4	Mathematics Elective	4
Mathematics Elective	4	College Option: Writing Intensive (WI): Math 479	3
Math 481-489	1		

Note: Students interested in applying to graduate school are strongly advised to take Math 423 (Advanced Calculus I) and Math 424 (Advanced Calculus II).

- York students are required to complete (pass) three (3) Writing intensive (WI) courses: two (2) in the lower division (100-200 level) and one (1) in the upper division (300-level).
- If you transferred to York College with an Associate’s Degree (AA or AS), or with credit for all General Education requirements, you are exempt from completing two (2) of your lower division (100-200 level) Writing Intensive (WI) courses. You must still complete one WI course in the upper division (300-level) within your major. If your major has no upper division WI course, you must take a WI course chosen in consultation with your major advisor.
- B.S. students must complete 60 credits of liberal arts – See Bulletin.
- Students are strongly encouraged to select a Minor program of study, in consultation with an academic advisor, especially those planning to attend graduate school. Minor courses would replace the “free electives” in the Two-Year Plan.
